Mr. Robert Hard

Mr. Hard has again this year strived hard to maintain the excellence in our school district. Mr. Hard is responsible for the operation of the district, carrying out the policies and directions of the board.

Mr. Hard started out as a school teacher at Ackerson Lake Elementary School twenty three years ago. He remained there for five years and then went to Eby Elementary School for ten years. For two years he was assistant superintendent and from there he went to being superintendent.

In his spare time he enjoys golfing, sailing, fishing, and he likes to camp.

Working 9 To 5

Mrs. Carpenter (above) and Mrs. Keene (below)

Mrs. Johnston

Women At Work

In order to perform his duties well, Mr. Hard has the help of Mrs. Carpenter, Mrs. Johnston, and Mrs. Keene.

Mrs. Carpenter is the Secretary to the Superintendent. She does executive type of office work. She also works a lot with the School Board.

Mrs. Johnston is the Office Secretary. She works less with the School Board and handles more of the office work and needs.

Mrs. Keene is the Supervisor of Accounts. She does all the payroll and bookkeeping of the school district.

Mr. Snyder

This was Mr. Snyder's first year here as principal. He graduated from Central Michigan University. Mr. Snyder said he not only enjoys his work, but he also likes the people here at Napoleon.

Mr. Clink

It's not an easy task being head of attendance, discipline, and coordinating athletics, but somehow he still finds time to smile through it all.

Mrs. Thayer

Since Mrs. Thayer has been involved for years at NHS as a parent, committee member, and athletic booster, she was a welcome addition to the office staff as secretary this year.

Mrs. Franzen

The "smooth operator" of the office, Mrs. Franzen keeps things in control, and she is always ready to handle any problem that arises.

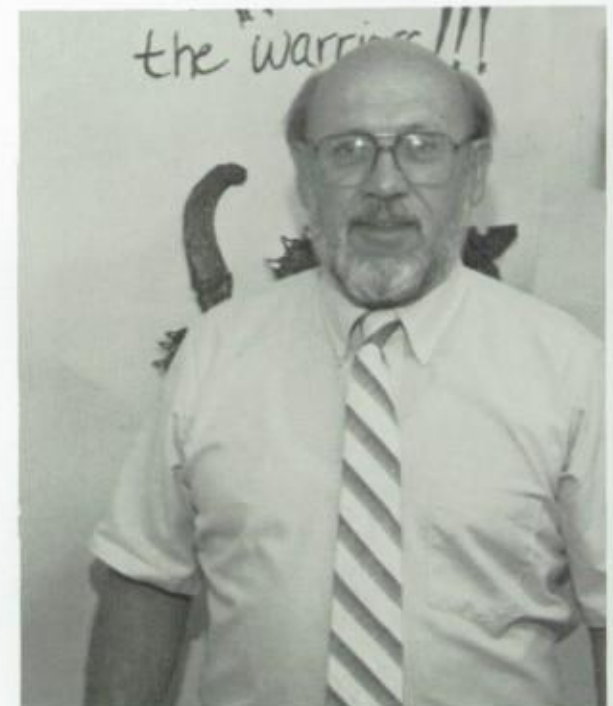

Mrs. Holton

On her thirteenth year with the Napoleon School district, Mrs. Holton started out as a library aid for the Middle and High School Library, and now she helps make Mr. Raby's job a little easier.

Mr. Raby

Mr. Raby hasn't always been a counselor. He began his career as an instrumental instructor, and later he became a science teacher and then a vocal music teacher.

The 1986 football motto was "Better than it's ever been done before" and it was. The Pirates were 5-0 beating unbeatable teams such as Onsted and Michigan Center. Then came Vandercook, Grass Lake, and Manchester. The Pirates hit a stump by losing to tough Columbia and East Jackson teams. Finally the Pirates got back on track by beating Hanover and Jonesville. The Pirates ended with a 7-2 record and were Tri-Conference Champs with East Jackson and Manchester, making this season one that will be difficult to forget.

The student body elected seniors Amy Wamsley and Kevin Frey to represent our school in fall Homecoming '86. They looked stunning in a '57 convertible chevy owned and driven by Wayne Frey. They were crowned at the festivities by Terri Richards, last year's Homecoming Queen, and Mark Silvestri, who stood in for his brother Alex, who was the previous king.

Varsity

Introducing the Varsity Cheerleaders from front to rear: Jean-Anne Maine, Kimberly Jentzen, Stacy Huyghebart, Nicole Lyons, Pam Clink, and Marty Frye. These girls really showed lots of spunk this year! The girls supported not only the basketball players but also all the other winter pirate teams. These six women made cards, posters and gave out candy to the pirate teams. They really represented us with style this year. Nice job ladies and we hope to see some of you next year!

The leader of the whole group is led by this years spunky lady; Barb Olds. Mrs. Olds has led both J.V. and Varsity squads for three years now. She is a graduate of Pewamo-West Phalia High School where she was also a cheerleader. Barb has done a very nice job with both cheerleading squads and should be commended for her work and dedication.

Pour un instant J'ai oublie mon nom ... and on goes the familiar song, which is the favorite of every french student.

This along with art and literature study is the type of culture that the students are exposed to along with the language itself.

The classes also have participated in a tasting dinner around Christmas, a few students sang at the Christmas assembly, and a French dinner, which was held at AJ's.

The big project of the year was Foreign Language Week which lasted from March 2-March 6. It included a poster contest, a hall decorating and a Foreign Language Night.

Some students will also be traveling to Quebec June 11 through the 15.

Fun, excitement, nervousness, and jitters, all this is Forensics. This year under the direction and fearless coaching of Mrs. Alden the Napoleon team, once again, did very well. Many people don't realize the hard work and dedication that goes into Forensics tournaments. Many long hours are spent preparing for various events, not to mention the early Saturday mornings, and very long days. But the hard work does pay off. This year Marla Rieli, Pam Clink, Debbie Micklea, and Nichole Vandewater advanced to state competition.

Special thanks were given to Miss Bigger and Mrs. Vanloo for their help and support during the many rehearsals and performances.

Foreign Exchange Student

We are very fortunate to have with us this school year Gaelle Verhyde from France. Her host family, the Maines, is where Gaelle lived throughout her one year stay in our country. Gaelle has had a very active life here with us in many ways. She carried a very full schedule at school and graduated with the Senior class. She also participated in cross country and track. Quite a lot for a nineteen year old to take on while facing a new country at the same time! Gaelle has done wonderful though and taught us all so much. She has become a close friend to many of us and we wish her luck in the future. We hope she enjoyed her stay and she will be greatly missed!

Kristy Allen placed fourth in Economic Awareness, fourth in Business Math, and third in Financial Specialist at the regional level. At the state level, she qualified for the National competition in Financial Specialist, Business Math, and Personal Finance to be held in Des Moines, Iowa in May. She also competed at the Argu-bright Business Olympics held in Battle Creek where she received a first place in Accounting and sixth place in Business Math.

The following students, who attend the Jackson Area Career Center, were recently honored for their performance at the regional and state competition for the Business Office Education Club (BOEC). This club promotes excellence in business education.

Joan Woodring placed sixth in the Banking regional competition and received a fifth place State trophy in the Miss BOEC competition.

Carol Worthey was fourth in regionals in Keyboarding, fourth in Prepared Verbal II, and sixth in Economic Awareness.

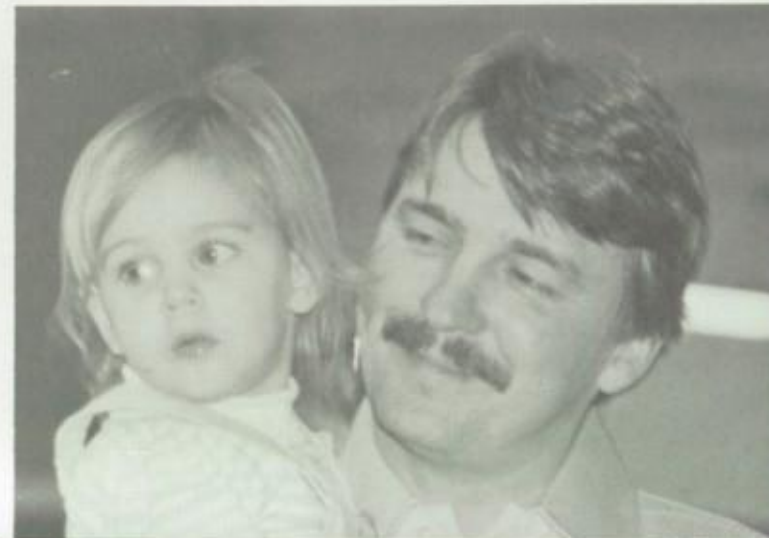

The Winner Takes It All

Providing an opportunity for school employees to meet socially on a county-wide scale seems like an impossible goal.

However, the Jackson County Education Association PR committee found a successful way to do it — through an "educators challenge". Nine teams from throughout the county met at the Parkside field-house in Jackson for an evening of fun and games. With an emphasis on physical and mental well-being, participants competed in relays such as pass the buck, educators strut, and trashman express, which involved individual speed and dexterity. Events like caterpillar and boardwalk brought a new appreciation for the term "team work" because everyone on the team had to move in unison.

We Are The Champions

This is the first year of our D.A.T.A. Plus group. D.A.T.A. Plus stands for Drugs Aren't The Answer. For a first year program this group did a fine job. The leaders of this organization are as follows: Brian Bethel — President, Lanny Green — Vice-president, Nicki Lyons — Secretary, and Mr. Schultz — Advisor. The group was stalled many times through out the year, by administration but was allowed to continue their efforts in May by training a few members. Even though progress was slow this year, the group maintained a high membership and is to be strongly encouraged next year by the administration. The out look for this group looks very bright, and a special thanks goes out to all the caring people in this group for hanging in there. The group also thanks their great advisor, Mr. Schultz, for helping them through their first year.

D.A.T.A. Plus trained eight members this year in May. These eight girls were: Cammie Peacock, Barb Berry, Nicki Lyons, Millicent Thacker, Jennifer West, Tammy Molton, Prya Jha, and Katie Osborn. They plan on starting off the season next year by training half their group in the fall and the rest in the winter. After going through a six hour training session, these girls practiced presentations on their own to present to the fifth graders of Eby Elementary School on "Just Say No". In the pictures above we see two of the three groups in action. The girls received high evaluations from their presentations by both Eby teachers and students. These ladies may be used next year to demonstrate our drug program to other schools. Nice Job girls and good work.

Graduation 1987

Do You Know

The road won't be lonely if we can say at the end, we walked the way together hand in hand with a friend.

The 1987 Seniors left Napoleon High School with great pride and joy. Many memories will remain with them of their years spent here — the friendships made, all the laughter, fun times, and even the sad and bad times. Good Luck and Best Wishes to all of them in their coming years.

As the tradition goes, the 1987 graduates gave roses to their parents.

Phillip Guy Richardson scholarship was presented to Chip Bunker by Mr. Snyder.

Cory Jahr and Kris Jennings await the procession.

Marc Babcock admires Jim Throne's honors.
